

COLBURN NATIONAL FOUNDATION 1ST ANNUAL YOUTH ADAPTIVE TRICYCLE RACE

The Colburn National Foundation and our sponsor, MINOR Improvements, PT are pleased to announce a youth adaptive tricycle race that will take place in conjunction with the Colburn National Foundation's second annual Stationary B.I.K.E. Race. The event will be held at the YMCA of Saratoga on March 28th, from 9:00 a.m. – Noon. Last year the stationary BIKE race event brought in \$11,000.00 to the Foundation which was used to purchase adaptive equipment for local families.

You may be familiar with the adult race event already, which involves up to 26 teams of 4 "riders" each, who race relay style on stationary bikes in a fun event to raise money for the Foundation. Last year, some of our friends with adaptive tricycles joined in the fun and rode their bikes around the indoor track. This year we have made that "race" official and invite our friends with adaptive tricycles to participate in their own race around the indoor track, while the adults race on stationary bikes in the aerobics studio (which is located on the inside of the track – with great views of the action).

The winner of the race will be determined as follows: *Number of laps x total sponsorship dollars collected.*

First prize is a pool party for the winner and five friends at MINOR Improvements PT! Second prize is great gear from UpsideOver.

We encourage you to participate in this event in some way. Below is a registration form for the youth race and a pledge sheet to get started. Adult registration packets for the Stationary B.I.K.E. Race are also available at MINOR Improvements, PT and on the Colburn National Foundation website at: www.colburnnationalfoundation.org

Questions? Call Susan at 518-226-0252 See you at the race!!
